INTRODUCTION

Where Faith Meets Modern Learning

The Iqra Islamic Educational System Puran is committed to providing students with a balanced combination of modern education, Islamic values, moral training, and character development — nurturing a generation that excels academically while remaining firmly connected to Islamic teachings.

By choosing the name Iqra (“Read” — the very first word revealed by Allah Almighty to Prophet Muhammad ﷺ), the institution emphasizes that education is not merely about passing examinations but about developing responsible, knowledgeable, and God-conscious individuals, where discipline, respect, and faith go hand in hand.

The school’s vision extends beyond the classroom, helping students build strong communication skills, critical thinking, leadership, confidence, and a sense of responsibility toward society, family, and community.

OUR JOURNEY

Our History

Established in 2018 with the vision of providing the children of the region with a quality educational environment, IIES began its journey with the Nursery class. By the grace of Allah Almighty and the tireless efforts of its founders and teachers, the institution has grown step by step and today, Alhamdulillah, reaches up to Class 8.

The institution was founded by three sincere, education-loving individuals: Engineer Imdad Ullah Momin, Engineer Subhan Ullah, and Maulana Muhammad Hussain.

“Knowledge, character, and faith — this is our identity, our asset, and our commitment.”
